 amna.madkhli2020@gmail.com

 Saudi Arabia

OBJECTIVE

I aspire to secure a position in the field of Information Technology or Software Development, where I can apply my skills in programming, data analysis, and application development. I seek to work in an environment that fosters innovation and professional growth while utilizing my academic background and practical experience in Computer Science to achieve the company's goals and contribute to outstanding technological projects. I am eager to face technical challenges and explore new solutions that enhance performance and improve user experience.
